

Keltech at-a-glance process capacity			
Process	Capacity Element	Value	Comments
CNC Punching	Max Sheet Length	3000mm	Longer sheets may be processed by repositioning
	Max Sheet Width	1600mm	
	Max Sheet Thickness (Low Carbon Steel)	5mm	
CNC Laser	Max Plate Length	3000mm	RotoLas also available for Tube Processing
	Max Plate Width	1500mm	
	Max Power	4Kw	
	Max Plate Thickness (Steel)	20mm	
CNC Folding	Max Length	3000mm	Range of standard and Custom Tooling
	Max Tonnage	230 tonnes	
Automatic Powder Paint Line	Max Length	3000mm	5 Stage Zinc Phosphate Pre-treatment
	Max Drop	1500mm	
	Max Depth	1000mm	
	Max Part Weight	250Kg
